

SELECTIVE SERVICE REGISTRATION 2021-2022

The Department of Education has informed us that you have not registered for Selective Service. Most male students must register with Selective Service to receive federal aid. See **PART 1** for information on how to register or **PART 2** to explain and present proof of reason for non-registration. Please return this form to the Financial Aid Office indicating your actions.

PART 1 - To Register for Selective Service - There are four ways to register for Selective Service. Please check the appropriate statement:

- I will register online at www.sss.gov and then submit proof of registration to the Financial Aid Office.
- I will fill out the Selective Service registration form at the local Post Office and submit a copy of the registration card to the Financial Aid Office.
- I will use the Free Application for Federal Student Aid (FAFSA) and select "Register Me" at the Selective Service registration question.
- I would like the Financial Aid Office to update my FAFSA by selecting "Register Me."

PART 2 - To Explain and Present Proof of Reason for Non-Registration - In order to receive financial aid, you must prove one of the following situations applies. Please check the appropriate statement:

- I did not register for Selective Service because I am not 18 years of age.
- I am not required to register for Selective Service because I was born before 1961.
- I am currently serving on active duty in the U.S. Armed Forces. Please submit proof of service. (A student who is in the National Guard or Selected Reserves and not on active duty does not meet this exemption.)
- I served on active duty in the U.S. Armed Forces until after I turned 26. Please submit a copy of your DD-214 form. (A student who was in the National Guard or Selected Reserves and not on active duty does not meet this exemption.)
- I am/was a non-citizen who entered this country after the age of 26. Please provide a valid document such as a passport that verifies the date of entry to the United States.
- I am/was a noncitizen who entered the U.S. as a lawful nonimmigrant on a valid visa and remained in the U.S. on the terms of that visa until after I turned 26. Please provide proof of this statement.
- I am not required to register because I am female.
- None of the above statements apply to me.

Students who **are not clearly exempt** from the registration requirement must submit a Status Information Letter from Selective Service found at www.sss.gov and **provide a statement of explanation of non-registration**. Our Financial Aid Office may require more information from you and will make a determination on your eligibility after a review of all the information.
