

# Electrical Lineworker

A Specialized MCC / Eversource Community Partnership and Certificate Program

## Why an Electrical Lineworker Certificate?

In partnership with Eversource and the International Brotherhood of Electrical Workers (IBEW), Local Unions 104 and 1837, the MCC Electrical Lineworker certificate program will prepare you to work in the electrical-power-utility industry or to transfer credits to the MCC Electrical Technology or Technical Studies degree programs.

## Curriculum

### Course Requirements for the EVERSOURCE Electrical Lineworker Certificate Program

Graduates will be prepared to enter the electrical-power-utility industry or to transfer credits to the MCC Electrical Technology or Technical Studies degree programs.

**Key to training is a co-op with Eversource.**

		<b>Total Credits - 40</b>		

## Admission Requirements

The Electrical Lineworker program is a selective program that requires all students to first attend a specific information session during an MCC Open House.

## Potential Salary\*

There is a wide range of jobs in the electrical technology industry. See below for the nationwide average annual salary range for an **Electrical Lineman**.

ENTRY LEVEL	MID-RANGE	EXPERIENCED
<b>\$70,000</b>	<b>\$88,670</b>	<b>\$114,000</b>

\*Salary data from the "Most Likely Range" on Glassdoor.com as of June 2023. — Salaries are based on 40 hours of work. The above figures include base pay, plus expected cash bonuses, commissions, tips and profit sharing (estimated at roughly \$22,000 of the salary total).

## Other MCC Electrical Training and Certificate Options

### MCC Electrical Technology Program Goals

The overall mission of MCC's Electrical Technology program is to provide students with the foundation to become effective Electrical Technicians, Electrical Apprentices, Utility Substation Electricians or Utility Lineworkers.

**In addition to Lineworker Certificate training, MCC offers:**

- Electrical Technology 2-year associate degree (A.A.S.)
- Electrical Technology Certificate
